

Proportional valves for engine oil pumps

Applications

- Engine oil pump

Customer benefit

- Fuel and emission reduction

Features

- Use in oil sump (internal mounting)
- Sump implementation via connector dome

Technical data

Proportional valves

Pressure drop/flow	At 6 bar > 8 l/min
Resistance	7.5 ohms
Nominal voltage	12 V DC
Ambient temperature	-40 °C - 150 °C (use in oil sump)
Max. medium temperature	150 °C
Protection class	IP6K9K
