

H2 Pressure Sensor - High Pressure

Applications

- H2 storage

Customer Benefits

- Automotive proven design & processes

Features

- Customized interface
- Customized output signal (analog, SENT, PWM)

The above specifications apply to the standard versions. Other versions are available on request.

Technical data

H2 Pressure Sensor - High Pressure

| | |
|-------------------|----------------|
| Nominal pressure | up to 700 barR |
| Overpressure | 1400 barR |
| Burst pressure | 2100 barR |
| Temperature range | -40 to 125°C |
| Protection class | IP6K9K |
| Accuracy | < 1.5 % FSO |
| Supply voltage | 5V |
